The Wallace Sisters. This talented trio of dramatic stars appeared before an elegant audience at the Theater last night in their introductory performance of John Brouglatest and most distinguished literary success, called Minnie's Luck: or the Ups and Downs of New York Life. The drama, both in language and construction, is certainly entitled to a meed o'; alse, as everything has been wrought and written to please the present popular taste. The sentiment of the beautifully clothed in most excellent language, without pretending to the literary excellence of the classics, apreals at once, and with an evident and Voung Man -To go down the rive on a Equally at home in the bright naivele any manifestation of such feeling. of the lighter scenes, as in the thrilling After reading the minutes, pathos of the sterner dramatic passages udience with her, completely enwrapt. The ap-pearance of the Gallant Sixty-Ninth, commanded by "Colonel" Hart, was one of the great and most interesting features. However, the Skidmore Guards, a company of colored soldiers, with drum, major and standard-bearer. excited no less admiration, and elicited unanimous comment of the most favorable kind. These two features are not only novel in character, but are so unique in design as to please, amuse and delight both the old and the young. The drilling of the juveniles is perfect, every command of the officers being obeyed in a faultles; manner. Among the popular and most pleasing specialties presented last night Were the Turn Verein, Plain Gold Ring Broadway Statuettes, and Brady's That each and every one of these was acceptable to the most critical of the andience, it is hardly necessary for us to say. Indeed, we have seldom seen a performance which gave more general satisfaction. Harrigan and Hart possess something of a kaleidoscopic combina-tion of talent, and the power of their talent is not confined to burlesquing. On the contrary, here and there are expressed pathos and sincere feeling, which is all the more contrasted by the comic delineation of funny characters. It matters not in what role they appear, you are sure to be pleased, and if you commiserate the misfortunes one, you will be made to laugh immoderately by the humor and ludi-crous triumpus of the other. We might devote a column to Harrigan and Hart, for they merit more than a running notice.
